

NOTIFIED BODY 0163

Fertibersol Antech Miniprill
MINIPRILL SOLUBLE AMMONIUM NITRATE 35

STRAIGHT SOLID INORGANIC MACRONUTRIENT AMMONIUM NITRATE FERTILISER OF HIGH NITROGEN CONTENT
MINERAL FERTILISER N 35

PFC 1(C)(I)(a)(I)(A)

DECLARED CONTENT

35.0 % Total Nitrogen (N)
17.5 % Nitric Nitrogen (N)
17.5 % Ammoniacal Nitrogen (N)

GRANULOMETRY

Prills A minimum of 99% is between 2-2.38 mm.

INSTRUCTIONS FOR INTENDED USE

Suitable for fertigation and hydroponics.
 It is compatible with all irrigation systems, directly or after dilution.
 Essential for the preparation of stock solutions.
 In aqueous solution the pH drops slightly, which prevents the formation of precipitates.
 It is advisable to prepare a stock solution to buffer the temperature drop caused by the reaction.
 Stock solution: 40-50 kg in 100 l of water.
 To dissolve in irrigation water, an average concentration of 0.2-0.8 g/l is used.
 These dose applications are generic and should be adjusted according to the fertility of the soil.
 Partial application is recommended depending on the needs of the crop.
 Please contact Fertiberia, S.A., for more specific recommendations.
 Fertiberia, S.A., rejects any kind of responsibility derived from the misuse of the product.

RECOMMENDED STORAGE CONDITIONS

Keep fertilisers away from combustible materials, other incompatible chemicals, sources of heat and ignition, and direct sunlight. Store in a cool, dry and clean place.
 Storage temperature between 5°C and 25°C.
 Once opened, containers should be carefully resealed and placed vertically to avoid spillage.
 Classification and threshold storage according to Annex I of Directive 2012/18/EU (SEVESO III):

Code	Descripción	Qualifying quantity (tonnes) for the application of	
		Lower-tier requirements	Upper-tier requirements
1	Ammonium nitrate	5.000	10.000

Keep away from food, drink and animal feed.
 See also the information provided in the Safety Data Sheet (SDS) at www.fertiberia.com

SAFETY AND ENVIRONMENTAL INFORMATION

Product labelled and classified according to Regulation (EC) 1272/2008.

 CAS NO: 6848-52-2
 ONU: UN2067

WARNING!

H272 May intensify fire; oxidiser.
H319 Causes serious eye irritation.
P102 Keep out of reach of children.
P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
P220 Keep away from clothing and other combustible materials.
P270 Do not eat, drink or smoke when using this product.
P280 Wear protective gloves/protective clothing/eye and face protection.
P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P337+P313 If eye irritation persists: get medical advice/attention.

To avoid risks to human health and the environment, comply with the instructions for use of this fertilizing product.
 For more information, see the Safety Data Sheet (SDS) at www.fertiberia.com

LIST OF INGREDIENTS

Ammonium Nitrate (CAS No. 6484-52-2) (a).

(a) CMC 1: Virgin material substances and mixtures.

OTHER INFORMATION

 Densidad aproximada: 0,9 kg/dm³
 Moisture: Max. 0.3%

 pH (10% solution): 4.5
 Insoluble residue: not contained

PROFESSIONAL USE

The person responsible for the delivery of the packaging waste or used packaging will be the final holder of it for its correct environmental management.
 In case of fire or decomposition of fertilizers, call the emergency number 112.
