Letter of Assurance

I, Fabiana D'Agostino, Global Registration Manager, certify that the supplies we deliver are in compliance with the requirements of Good Manufacturing Practices.

This Letter of Assurance guarantees that these supplies are controlled and meet the following conditions:

- BASF biocontrol agents are not invasive species as per United States of America regulations.
- The quality of BASF products is verified using a quality control system.
- Supplies are stored in facilities under conditions to minimize hazardous contamination.
- All products are transported and delivered under conditions to minimize hazard.
- Products do not contain any genetically modified organisms.
- Imports carried out by BASF are supported by the appropriate USDA-APHIS import permits.

Best regards,

Fabiana D Agostino
Global Regulatory Manager
