	CA-QUA-3038 Letter of assurance Nutrimite	Revision: 1
		Date: 21/11/2025
		Page 1

Date: November 21st, 2025

Subject: Letter of Assurance

Biobest Group NV, assures that Nutrimite is 100% Typha spp. pollen and that it does not contain additives or preservatives.

No pesticides or fungicides were used on the crop(s) from which the pollen was collected. Nutrimite does not contain genetically modified organisms or material.

Nutrimite complies with the requirements of Good Manufacturing Practices.

All supplies and products are stored, transported and delivered under conditions to minimize hazard and contamination.
