

Approved Input Certificate

Canadian Organic Standards

BioSafe Systems, LLC

22 Meadow St, East Hartford, CT 06108

Reg # 23-1971

Pro-Cert Organic Systems Ltd. (Pro-Cert) hereby confirms that the input(s) listed below, and in the attached Approved Input Summary, may be used in the production and/or processing of organic products in compliance with the requirements of the **Canadian Organic Standards (COS) (CAN/CGSB 32.310, .311, and .312)**. This confirms that the input(s) so listed are produced in compliance with respect to the annotations regarding the production of the input(s). Note that this approval does not waive the requirement for operators to comply with any restrictions on use as required by the standards and annotations for input use listed therein. Operators wishing to include approved input(s) in their organic production plan should consult with their certification body and obtain approval for use prior to any application of the input.

Inputs Approved for Organic Use:

See the attached detailed Approved Input Summary

Approval Based on: ☒ Document Review ☐ On-Site Verification

Effective Period of Approval: June 23, 2026 to June 22, 2027

Initial Date of Approval: June 23, 2023

Date of Issue: April 07, 2026

This approval remains in effect as indicated above unless surrendered by the holder or until suspended or cancelled by Pro-Cert Organic Systems Ltd. The extension of the approval requires an annual update of the input production plan, and on-site verification (where required) and annual evaluation by Pro-Cert.

Doc # PC 11.7.1 COS AIC; Version 5; Effective 03/03/2020

A handwritten signature in blue ink, appearing to read "Byron Hamm", written over a horizontal line.
