

Enjoy your long weekends
with wall-to-wall Intrinsic.

Introducing the new Spring Intrinsic program

Purchase an application of Lexicon® fungicide (four one-acre bottles) between January 1 and June 30, 2026 and unlock savings of **\$450 per acre** on up to **35 acres*** of Honor® fungicide per application.

*Up to three (3) 16.3 kg Honor fungicide kegs

A strong foundation you can count on under the toughest conditions.

New Lexicon fungicide delivers broad-spectrum control of up to 14 diseases, including anthracnose, dollar spot, pythium, summer patch, take-all patch and microdochium patch.

Active ingredients

Pyraclostrobin – Group 11
Fluxapyroxad – Group 7

Lexicon®
Fungicide

- Controls diseases on turf for up to 28 days to ensure the longest possible spray intervals
- Unique Intrinsic® **Plant Health Benefits**¹ help mitigate environmental and mechanical stress² for healthier turf and enhanced golf surfaces

Controls turf diseases while helping turf mitigate and recover from minor stress.

Honor fungicide offers 28 days of control for 20 turf diseases, including summer patch, anthracnose and dollar spot.

Active ingredients

Pyraclostrobin – Group 11
Boscalid – Group 7

Honor®
Fungicide

- Multiple modes of action for control of dollar spot
- Unique Intrinsic® **Plant Health Benefits**¹ help mitigate environmental and mechanical stress² for healthier turf and enhanced golf surfaces

BASF
We create chemistry

¹ Plant Health Benefits refer to products that contain the active ingredient pyraclostrobin.

² All comparisons are to untreated, unless otherwise stated.

Benefits that extend past the course.

Insignia® Pro
Fungicide

BASF
We create chemistry

Take advantage of the Insignia Pro rebate offer.

Commit to Insignia® Pro fungicide as the foundation of your snow mold protection program by June 30, 2026 to receive one of the following added* rebates:

- **Book 2 to 9 jugs:** spring rebate of \$50/jug + fall rebate of \$50/jug = \$100/jug
- **Book 10 or more jugs:** spring rebate of \$50/jug + fall rebate of \$100/jug = \$150/jug
- **Reward Boost:** Buy Insignia® Pro**, receive an extra 2% to your existing Infinity Rewards level!

*In addition to the BASF Infinity Program.

** Purchase 2 or more jugs of Insignia Pro to qualify

Enhanced performance against snow mold.

Insignia Pro fungicide combines two liquid snow mold control products in a convenient premix to provide enhanced control of both pink and gray snow mold.

- As an Intrinsic® brand fungicide, it provides **Plant Health Benefits**¹ for broad-spectrum disease control, stronger roots and higher stress tolerance to survive the winter
- Reduces fall environmental stress to promote carbohydrate production and root growth for survival during extended periods of ice cover in winter
- Comparable performance in snow mold trials to treatment combinations with 3 to 10 times the active ingredient load
- Offers a shorter re-entry interval, compared to competitors, for flexibility and convenience
- Apply with fludioxonil for additional protection under high pressure situations

¹ **Plant Health Benefits** refer to products that contain the active ingredient pyraclostrobin.

Active ingredients

Pyraclostrobin – Group 11
Mefentrifluconazole – Group 3
